Professional Experience

Retailgate Technologies. - Web Developer Intern January - May 2023

- Maintained Three Company Website Called **Billboard Profitability Map, Contract Management System, and Promo Management System**
- Directed three projects, including prototypes for a **QR Attendance System**, an **Appointment System**, and an **Analytic Dashboard**, empowering the company with cutting-edge solutions.
- Provided invaluable support to senior team members, contributing to the ongoing success of the **Beacon Analytic Website** project.
- During this Internship, I learned more about Modern Web Development Technologies Like **React JS, Vue JS, Express JS, Node JS, and Mongo DB**

Relevant Experience

College Thesis Project

- I had the opportunity to apply A* (A-Star) algorithm for pathfinding in 2D games.
- Using the Knowledge I gained during my Internship I Created my Capstone Project - a **Human Resource Management System**. This project involved a comprehensive analysis of our school's HR operations, and I developed a system aimed at Optimizing their daily tasks and processes. My Main responsibility is handling every aspect of programming from **Backend to Frontend**.

Bootcamp

- Participated in a 3-month Web Developer Bootcamp during my 3rd year of college. There, I learned the foundational skills of web development, including PHP, Codeigniter **Web Dev Fundamentals, JQuery, MySQL, and Ajax**. I also gained a deep understanding of **HTML, CSS, and Javascript**.

Personal Projects

- Using my solid foundation in **React**, I embarked on an exciting journey to master **Next.js, Tailwind CSS, and Zustand**, harnessing these cutting-edge technologies to craft my very own **Portfolio website**.

Education

Asia Technological School of Science and Arts June 2019 - June 2023

- Bachelor Of Science in Information Technology **GWA: 1.48**
Award: **Best in Web Design and Development**
Honor: **Deans Listers (2022-2023)**
- Web Systems and Technologies, Object-Oriented Programming, Data Structures and Algorithms, Database Systems, Application Development, Systems Integration and Architecture I - II
